## Life Lenses™

### Polish Your Perspective & Gain a Whole New View

Friday, July 9<sup>th</sup>, 2010, 9:00 am to 11:30 am, Ojai, California  
For more information or to register email [lifelenses@rpsinc.ca](mailto:lifelenses@rpsinc.ca)

It's all about perspective. Come to this engaging, interactive workshop to learn about how your perspective is colouring your world through Life Lenses™.

We all wear these lenses, or filters, which affect what comes onto our radar easily, naturally and comfortably as well as what never makes it onto our radar. *What we see depends mainly on what we look for* (John Lubbock).

#### Why should I come?

- When it comes to conflict, communication, teambuilding, project management and more, illuminate your natural perspectives – see where you shine
- Learn how to get out of your own frame, fill in your blind spots, and see other perspectives
- Learn how to use the 'Universal Translator' to communicate with other lenses
- Discover whether you are a 'tweener' or an 'extremer'
- Laugh (be engaged, curious), learn (be exposed to cutting edge information) and lead (apply your learning right away)
- Receive a customized Life Lenses™ resource package during the workshop
- Use the follow-up resource package, which you'll receive after the workshop, to help you anchor and continue your Life Lenses™ learning
